When using our Website at <https://dachristie.com/> or related social network site or mobile application, you consent to the collection, use and disclosure of your personal information, but only in accordance with this Privacy Policy. ### WHAT PERSONAL INFORMATION DOES CHRISTIE BARBECUES COLLECT

In the course of providing our services and functions, we collect personal information directly from you, or from a person acting on your behalf. This personal information may include your name, contact numbers, email and mailing address and details of your business. If you access any of our services through a social network site or application including (but not limited to) Facebook, Instagram, Twitter and LinkedIn, we may collect limited information provided to us by that social network site, such as user name, site ID and email address.

Without your personal information, we may be unable to provide our services to you.

### OTHER INFORMATION CHRISTIE BARBECUES COLLECTS

We use third-party analytics tools to measure traffic and usage trends for the Website and other sites or apps. These tools collect information sent by your device or our Website or other sites/apps, including the web pages you visit, add-ons, and other information that assists us in improving the Website and other sites/apps. We collect and use this analytics information, together with analytics information from other users, in a way that it cannot reasonably be used to identify any particular individual user.

When browsing or searching on our Website and other sites/apps, our server automatically collects navigational data to help us improve their content and navigation. One way which navigational data is collected is by placing 'cookies' in your browser file on your hard drive. A 'cookie' is a small amount of information that is transferred to your browser by our web server. The web server that gives you the cookie is the only web server that can reread the cookie. The cookie, therefore, serves as a memory for you and can remember such details as your favourite search criteria, so you do not have to enter the same information every time you come to our Website. Cookies do not capture or track any personal information and by themselves cannot identify you as an individual. If you wish, you may elect not to accept cookies on your browser. This should not adversely affect your experience when visiting our Website.

Log file information is automatically reported by your browser each time you request to access (i.e. visit) a web page or app. It can be provided when the content of the web page or app is downloaded to your browser or device. When you use our Website or other sites / apps, our servers automatically record certain log file information, including your web request, IP address, browser type, referring / exit pages and URLs, number of clicks and how you interact with links, domain names, landing pages, pages viewed and other such information. We may also collect similar information from emails sent to our Users which then help us track which emails are opened and which links are clicked by recipients. The information allows for more accurate reporting and improvement of the services provided by us.

When you use a mobile device to access our service, we may access, collect, monitor, store on your device, and/or remotely store on or more "device identifiers". Device identifiers are small data files or similar data structures stored on or associated with your mobile device, which uniquely identify your mobile device. A device identifier may be data stored in connection with the device hardware, data stored in connection with the device's operating system or other software, or data sent to the device by Christie Barbecues. A device identifier may deliver information to us or to a third party partner about how your browse and use our service and may help us or others provide reports or personalised content. Some features of our Website (and apps) may not function properly if use or availability of device identifiers is impaired or disabled.

We use the information collected to make the Website (and mobile app) more user-friendly and to improve the services that we provide.

## DISCLOSURE OF PERSONAL INFORMATION

We will only disclose your personal information to third parties in certain limited circumstances (including as outlined above). Organisations to which we may disclose information include Christie Barbecues related companies, and any agents, consultants, advisers and service providers we work with. The services and its content are not directed at children under the age of 15.
